MVR Fleet Monitoring System at its Best

We now offer FleetMngr, a powerful and simple way of electronically monitoring your fleet driving records from your desktop.

FleetMngr provides you the ability to track changes to your drivers MVRs on real time, reducing the risk of negligent retention and other employee related liabilities from:

- MVR-related Criminal Convictions
- Moving Violations
- Revocations
- Suspensions
- Expired or Invalid Licenses
- Identify Renewal Dates

Using the FleetMngr web-based graphic dashboard enables you to:

- Flexibly manage driver roster lists with 24/7 online access
- Schedule the ordering of needed MVR's for drivers requiring attention
- Receive notification of changes in your driver records pool
- Ease the workload of managing state/federal compliance requirements for driver
- Quickly identify and support company policy in the termination of high-risk drivers

FleetMngr Plan details:

Annual account management fee: \$125.00

Monthly per driver maintenance fee: \$2.50

MVR pull as needed: \$3.50 plus state fee
